

BABE

Wine used to be SOOOOO boring. But then in 2016, Josh Ostrovsky a.k.a. "the Fat Jewish" and his team introduced BABE. Now for the first time, BABE is coming North.

BABE Rosé with bubbles is a light, sparkling rose with notes of melon that pairs well with literally anything. Let's be honest, someone had to create a sparkling rose that was delicious and most of all, so us.

BABE Grigio with bubbles is a deliciously refreshing and fizzy with clean notes of pear and melon. We made this gorgeous can of pinot grigio with bubbles for you because we love you and to be honest someone needed to. It's like, DUH!
